OBJECTIVES:

Professor X has been found dead! A suicide, an accident, possibly foul play? As the detective working on the case, something tells you things are not as simple as they seem. Will the clues reveal something even more sinister...? It is up to you to uncover the truth!

1. Understand different forensic techniques.
2. Identify types of fingerprints.
3. Learn about blood patterns and blood pattern analysis.
4. Learn interrogation techniques.

LEARNING OUTCOMES:

Participants will be able to:

- Engage in experiential learning by moving around and exploring > 1,000 exhibits on science concepts in our exhibition gallery through our specially designed Amazing Race programme!
- Experience Science Centre Singapore's very own live science shows (Energy Titans Show and Fire Tornado) and interactive performance!
- Be treated to an immersive experience at the Omni-Theatre, Singapore's only and South-East Asia's first 8K digital dome theatre
